WASTE RECEPTION

The Port has adequate reception facilities for ship-generated waste. Disposal of waste is an offense. For disposal of oily residues and garbage, call (0)42 10 63 22. Pre-notification is mandatory. Information also on Internet, www.port.helsingborg.se

WATER LEVEL

The tidal variations are negligible, and the variations in water level are small. High water may be expected when strong westerly winds prevail. Winds from the east and south cause the water level to drop. The density of seawater varies between 1,005 and 1,020.

BUNKERS

The port of Helsingborg is the most convenient harbour along the Sound for bunkers. Bunkers of different qualities are available in the port.

COMMUNICATIONS

Some 25 shipping lines maintain regular sailings to European and overseas ports. Road and rail links to the whole of Scandinavia are easily accessible. Air services are available from Ängelholm, Sturup and Copenhagen air-ports.

WASTE RECEPTION

The port has adequate reception facilities for shipgenerated waste.

FRESH WATER

The port supplies fresh water.

GATES

Most of the port facilities are fenced in. During weekdays the West Harbour has a gatekeeper from 6 a.m. until 8 p.m., and the Scania Terminal (Skåneterminalen) from 7 a.m. until 4 p.m. During other hours key-card or code is required. Arriving vessels can obtain the code to the pedestrian gate from the VTS Centre.

HARBOUR APPROACH

The harbour basins are easy to approach. The deep water outside breakwaters varies from 10 to 30 m. Normally vessels with good manoeuvrability can proceed directly to the quays without tugboat assistance.

HARBOUR DUES, TERMINAL OPERATORS, STEVEDORING AND STORAGE

Helsingborgs Hamn AB, phone (0)42 10 63 00, fax (0)42 13 54 83. Information also on Internet www.port.helsingborg.se and supplied on request. For ships operating scheduled services, special rates apply.

LIGHTHOUSES

See "Swedish List of Navigational Lights" and charts.

ISPS CODE

All harbour areas comply with the ISPS code. DOS (Declaration of Security) is mandatory when a ship first arrives at the port. Please contact HPC.

ICE CONDITIONS

The occurrence of ice in the Sound is rare. The port is open throughout the year. Icebreaking tugs are available.

ID

ID must be worn in all harbour areas.
